

SPRING 2018

BINGO NEWSLETTER

COMMUNITY AWARENESS EVENT

The Six Nations Community is once again hosting the "Community Awareness" event, which has allowed us to highlight the many organizations and businesses that thrive throughout the territory. Each organization has an opportunity to host an event on-site to bring awareness of the services, products, and talented resources the community has to offer to the public.

For example, the Six Nations Bingo will be hosting a tournament of elimination with a tug-of-war challenge open to collaborating businesses and open to all businesses of Six Nations on Tuesday, May 15th. There will be amazing prizes given to teams of 6 for 1st, 2nd and 3rd place. We look forward to the many teams and the many laughs as the whole community is invited to this event. In the meantime, we will be hosting a Pie-In-The-Face for a low \$5.00 buy-in to throw pies at our very own Six Nations Director of Gaming, John Heathers, from 12PM-12:30PM and SNGRDC CEO, Matt Jamieson, from 12:30PM-1PM. All proceeds to the efforts of SNGRDC business community awareness events will be added into one donation.

The tug-of-war challenge is going to be a blast and we can't wait to host our Community Awareness event this Spring of 2018.

This is also the time for the territory to acknowledge the commemoration of the alliance with the British Crown. We do so by hosting a parade with people decorating floats, marching bands, and groups to highlight their services and businesses. The Six Nations Elected Band Council purchases loaves of bread and chunks of cheese, and after the Bread-N-Cheese parade the people follow into the arena where the Elected Chief speaks on behalf of the commemoration and then opens the lines. Thousands of people walk through, and this has been a tradition for years.

SPOTLIGHT ON BUSINESS

The Six Nations Bingo has been busy with building relationships with other local and surrounding businesses to enhance our customer experiences. Currently we are exploring advertising trade and will be collaborating with partners in accumulating certificates, door prizes, and giveaways. If you have visited us and were asked to look at your purchase of cards receipt than you may have been a winner to one of the certificates.

This Spring we would like to offer the Sanderson Centre our spotlight on business. We have been working with the Sanderson Centre since February of 2018 to offer concert tickets for free to our customers. The Six Nations Bingo Hall callers announce to the crowd to enter the draw at the Snack Bar. By filling out your name, your phone number, your rewards card number and dropping your ballot in the designated box, you could be a winner.

Up next is Led Zeppelin 1 With Good Times and Bad Times (note for note-cut for cut) Thursday May 17th at 8PM valued at \$40.00 a ticket. This could be your free ticket if you enter the draw.

Thank you Sanderson Centre for enhancing the Six Nations Bingo customer experience.
